

Quality Policy

The objective of JPS-Communications is to

- Safety; Communication; Organisation

As such, the Directors of JPS-Communications is committed to the following:

Establishing measurable quality and business objectives that are consistent with the organization's context and strategic direction, and that address any risks and opportunities associated with them

and ensuring that quality objectives help JPS-Communications achieve customer requirements by:

- Providing a high standard of customer service; Working with a high standard of suppliers; Selecting and working closely with suppliers who enable the organization to create and deliver a reliable performance

To achieve this objective, the organization maintains an effective and efficient Quality Management System that is based upon the requirements of ISO 9001:2015.

The continual improvement of the Quality Management System is fundamental to the success of JPS-Communications's business, and must be supported by all employees as an integral part of their daily work.
